SBA Offers Disaster Assistance to California Residents and Businesses Affected by the Los Angeles High Winds

Sacramento, CA – Low-interest federal disaster loans are available to California residents and business owners affected by the Los Angeles County High Winds from November 30 through December 4, 2011, announced U. S. Small Business Administration (SBA) Administrator Karen G. Mills. SBA acted under its own authority to declare a disaster following a December 13 request from Governor Edmund G. Brown, Jr.'s designated representative, Mike Dayton, Acting Secretary of California Emergency Management Agency.

The disaster declaration makes SBA assistance available in **Los Angeles County** and the neighboring counties of **Kern, Orange, San Bernardino** and **Ventura**.

“The U. S. Small Business Administration is strongly committed to providing Californians with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for residents and businesses affected by the disaster,” said Mills. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

“Low-interest federal disaster loans are available to homeowners, renters, businesses of all sizes and private, nonprofit organizations whose property was damaged or destroyed by the disaster,” said SBA’s Los Angeles District Director Victor Parker. “Beginning **Monday, December 19**, SBA customer service representatives will be on hand at the following Disaster Loan Outreach Center to issue loan applications, answer questions about SBA’s disaster loan program, explain the application process, and help each individual complete their application,” Parker continued.

The center will be open on the days and times indicated. No appointment is necessary.
